### A few *Li'l Handy Hints*

- ***We strongly advise parents continue*** their child's swimming during the winter months. Research indicates younger children regress from missing just a single term. The pool is heated during our winter months. Ensure you bring them a tracksuit for when they exit the pool.
- ***Confirm your booking early*** as this will ensure you receive your desired time and day and save you from a lengthy wait in a queue on the first lesson day.
- ***Your child's ability*** – Li'l Stingers teachers are fully trained in assessing children's needs and at placing them in a class that will challenge them and their development. We follow the ***Austswim Guidelines***, please respect our teachers' final decision regarding class placement of your child.
- ***Practice at other times*** – Did you know we have a ***\$2 each*** entry fee (other than lesson day) for children enrolled and one attending adult in our Learn to Swim program? Siblings would be regular entry fees (*School holidays exempt*). Learning to swim requires frequency and repetition. Parents are encouraged to assist their children learn this vital life skill by attending the pool and helping their child practice the skills learnt in class.

**NB: Please note that when you arrive for your lesson, DO NOT allow your children/siblings to sit on the edge of the pool or enter the pool whilst other lessons are on. It is extremely distracting for the swimmers that are currently in the water which in turn can add an unnecessary danger for our instructors. Please be aware that you, or your child, will be asked to move from these areas.**

We look forward to watching and enjoying your child's swimming journey with Li'l Stingers Swim School.
